EMS Prenotification

1. Receive EMS notification on "Red Phone" located in Resus. Online Medical Control generally specifies CODE STEMI or STEMI ALERT.
2. Attending checks for email from **FDNY Telemetry** which should include the EKG.

CODE STEMI

- **Activate Cath Lab immediately (highly suspicious for true STEMI)**

STEMI ALERT

- **Review EKG first: Check Online Medical Control STEMI email or faxed/ED EKG**
- **When in doubt, or if EKG not included in FDNY Telemetry email, <u>Activate.</u>**

Activation

Time of Day	Contact
7:00 am – 10:00 pm	Cardiac Cath Lab: x40935
10:00 pm – 7:00 am (or if no answer in Cath Lab)	STEMI Pager: (917) 827-9725 Enter **10 digit callback number** and add **911** if patient is an EMS notification

Notes

1. When in doubt **Activate**.
2. The STEMI pager mobilizes the Cardiac Cath Team. Expect callback from Cath attending.
3. Always use the STEMI medication order set.
